FOREWARD

The National Institute on Alcohol Abuse and Alcoholism (NIAAA) and the National Institute on Drug Abuse (NIDA) are pleased to present the 1989 National Directory of Drug Abuse and Alcoholism Treatment and Prevention Programs. The Directory is based on data obtained from the National Drug and Alcoholism Treatment Unit Survey (NDATUS), which is conducted periodically with the cooperation of the State alcohol and drug abuse agencies. The NDATUS gathers information regarding the drug abuse and alcoholism services available in the 50 States, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands. The 9,608 alcoholism and drug abuse treatment and prevention facilities that voluntarily participated in the September 1989 NDATUS are listed in this Directory.

This document is designed to provide an important resource for those seeking referral information about treatment, prevention, and other services in alcoholism and drug abuse facilities. It is hoped that the publication of this Directory will stimulate further communication and cooperation within the alcoholism and drug abuse treatment and prevention communities.

The NIAAA and NIDA are very grateful to all those who participated in the 1989 survey.

INTRODUCTION

The National Directory of Drug Abuse and Alcoholism Treatment and Prevention Programs is a compilation of approximately 9,608 Federal, State, local, and private facilities responsible for the provision of alcoholism and drug abuse treatment and prevention services throughout the 50 States, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands. The information included in this directory was extracted from the 1989 National Drug and Alcoholism Treatment Unit Survey (NDATUS). Through this survey, conducted by the National Institute on Alcohol Abuse and Alcoholism (NIAAA) and the National Institute on Drug Abuse (NIDA) in conjunction with the States, information was collected on available alcoholism and drug abuse services and clients in treatment, as of September 30, 1989.

The Directory has been prepared to serve as a resource for program managers, treatment personnel, researchers, the NIDA Hotline, and others interested in the location of alcoholism and drug abuse facilities. The Directory includes treatment, prevention, and other non-treatment service facilities such as educational facilities. All facilities, both public and private, that reported to the 1989 NDATUS are included in this Directory. Administrative level reporting was allowed in the 1989 NDATUS at the discretion of each State. For example, if a program administered several clinics/units, data could be reported at the aggregate program or administrative level rather than the individual clinic/unit level. Entries in this Directory will be based on the reporting level chosen by each State.

This publication consists of listings of the State authorities and the State prevention contacts, and a listing of the alcoholism and drug abuse facilities. In the State authorities section, the alcoholism authority appears first in States having separate alcoholism and drug abuse authorities. Within each State, the facilities are alphabetized by city and facility name within city. Each facility description includes the facility name, address, telephone number, and types of services provided. The types of services are designated by coded entries on the last line of each facility's description. These codes are defined in a key which is printed at the bottom of the first page for each State.

Single copies of this Directory are available in limited numbers from the National Clearinghouse for Alcohol and Drug Abuse Information (NCADI), 6000 Executive Boulevard, Post Office Box 2345, Rockville, Maryland 20852. Additional copies may be acquired through the Superintendent of Documents, U.S. Government Printing Office, North Capitol Street, Washington, D.C. 20402.

Treatment, prevention, or other service facilities not listed in this Directory can be included in future surveys and directories by completing the information on the last page of this Directory and returning it to the indicated address.

KEY

A line of code is shown for each unit listed in the Directory. This enables users to determine at a glance, the Orientation, Function, Environment or Type of Care, and Selected Special Program information at each unit. The coding key is reproduced at the bottom of the first page for each State, as follows:

****KEY****

Orientation:

A = Alcoholism Services only
D = Drug Abuse Services only
AD = Alcoholism and Drug Abuse Services

Environment/Type of Care:

I = Hospital/Inpatient
R = Residential
O = Outpatient

Selected Special Programs:

W = Women	AI = American Indian/Alaskan Natives	
Y = Youth	IH = Impaired Health Professionals	DT = Detoxification
E = Elderly	PI = Public Inebriates	EA = EAP Program Services
B = Blacks	CU = Cocaine Users	DW = DWI/ASAP Services
H = Hispanics	IV = IV Drug Users	

Unit Function:

TX = Treatment Unit
CI = Central Intake Unit
PV = Prevention Unit
MM = Methadone Unit
OT = Other Unit

NOTE: The absence of a number in the coding line indicates that the unit checked "Other" or "Not Applicable," which were options on the form, but are not included on the key, except for the Other under Unit Function. Units that provide only prevention or other services were not requested to report Environment or Type of Care.
